*Associated Women Students
Women's Recreation Association
Guide for 1962-63*

WELCOME TO

We of the Dean of Women's Office bid you welcome.

Your main purpose in entering the University is to acquire an education. A great part of this you will get in the classrooms and the Library, from professors, books, and from one another. It is also hoped that you will recognize and take advantage of the extra-curricular offerings of the University.

Though the University is large and as such may seem confusing at times, there are a great many people here—fellow students, faculty, administrators and staff—who are personally interested in your welfare and happiness and will be pleased to be of help if you will let them know your concerns.

When you arrive on campus you will be given much information to help you learn your way

around our community. In addition, regulations applicable to all students are set forth in a booklet entitled *University General and Academic Regulations*. The catalog of the College in which you register will also set forth certain requirements with which you must become familiar.

Included in this handbook are rules and bits of advice from two campus organizations to which all undergraduate women automatically belong—the Associated Women Students and the Women's Recreation Association. AWS is the student government organization through which the women largely determine the social rules and regulations by which they live.

WRA offers a great variety of sports activities which will not only prove beneficial from a physical standpoint, but will also enable you to make friends with others who share your interests. Each organization extends to you an invitation to participate—won't you accept!

Remember, this is now YOUR UNIVERSITY. If we in the Dean of Women's Office can in any way assist you in taking advantage of and enjoying all that is here for you, please give us the privilege of doing so.

HELEN E. CLARKE

Dean of Women

Miss Julia Billings
Assistant Dean of Women
AWS Adviser

Miss Ethel Kesler
Physical Education Department
WRA Adviser

MARYLAND

Welcome to Maryland. Your own initiative is the key to friendship, culture, and participation in self-government and student activities. The Associated Women Students is composed of all the undergraduate women at Maryland—Greek and Independent, Daydodger and Dormdweller. Our existence is circular. We are organized to serve you and in return we need your ideas, talents, and enthusiastic support. Consider yourself an important part of AWS. As a new member of AWS, it is your privilege and duty to take part in making and enforcing the rules by which the women students at Maryland live.

We have tried to anticipate and answer your questions about college life. Do you have more? Feel free to ask. Now that we have met, a friendly "Hi" will serve to open a conversation with any of the officers of AWS.

ELAINE RICCA
AWS President

WELCOME to the University of Maryland and to WRA! The Women's Recreation Association is a student organization which plans and sponsors many recreational and sports activities. It is designed to meet your interests and is dedicated to making your college years more enjoyable. All of you belong and may participate in any part of its program.

I feel that participation in our sports program is one of the best ways of keeping healthy, making close friends and practicing good sportsmanship. By being active in WRA you can become a vital

part of an organization that gives every Maryland co-ed the opportunity to have these experiences.

This should be a wonderful year for WRA, and we are depending on you to help make it possible. Remember, WRA is YOUR organization and is only as strong as your interest and support.

LINDA CAVIN
WRA President

AWS AND YOU

You and every other woman student at the University are members of AWS—the Associated Women Students. It is your governing body, making the rules which guide you in habits of dress and manner. It has its counterpart in the Men's League. Both the AWS President and the Men's League President are members of the Student Government Association Cabinet.

Headed by the Executive Council of President, First Vice-President, Second Vice-President, Secretary and Treasurer, AWS is closely attuned to your problems. You are represented at each meeting by your class representative and at dormitory and sorority council meetings by your dormitory or sorority president. AWS meetings are open to the public, and everyone is invited to attend especially those of you who would like to become active in AWS programs.

You can take your study problems to your Academic Board Representative, and she, in turn, will take them to the campus Academic Board. The Academic Board is concerned with the scholastic standards of women students and has done a great deal to curtail the campus cheating problem and encourage a stimulating academic atmosphere.

Rules governing dormitory and sorority living were set up by the Campus Judicial Board. You are represented here by the chairman of your dorm or sorority judicial board. Most disciplinary problems are settled within your own residence, but habitual miscreants will be asked to appear before Campus Judicial Board.

In addition to these programs AWS has a long list of activities which it sponsors that are of interest to women. Among these are the annual Christmas Pageant, Orphans' Party and Bridal Fair.

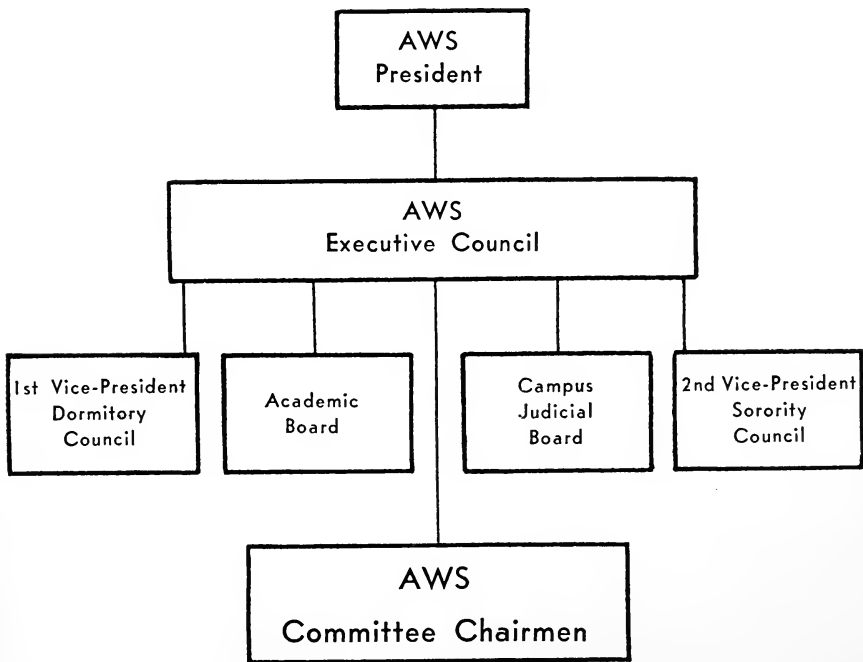

Those of you interested in participating in any AWS program may get an application from your residence president or the Dean of Women's office. When you have filled one out, return it to the president or Dean's office.

AWS PROGRAMS

AWS has designed many activities especially with you in mind. Most of them are annual events, programs which you will enjoy your first year and, perhaps, help to create in the years to come. Your introduction to AWS will probably be the **Big Sister Program**. Whether you are a dorm dweller, a Daydodger or become a sorority pledge, you will have an upper-class "sister" to whom you can turn in your more confused moments.

As a dorm dweller you will meet your big sister when you move in, or, if you are a Daydodger, you will meet her at the Coke Date in the Student Union if she hasn't seen you beforehand.

In December AWS presents its annual **Christmas Pageant**. Held in the Chapel, the pageant recreates the beauty and magic of the traditional Christmas story. After the pageant, groups of students go caroling and are often invited into the homes of local residents for hot chocolate and cookies.

Early in the spring a young girl's fancy turns to thoughts of romance, and AWS is right in step with its **Bridal Fair**. Planning a wedding or not, you will find something of interest at the Bridal Fair where there are booths with merchandise from jewelry to sports cars. The highlights of the evening are a fashion show by Julius Garfinkle and the raffling of a wedding cake.

AWS tries to lend a helping hand wherever it can and every spring holds a **party** for Washington area **orphans**. The party is held in conjunction with the Panhellenic Council. Those who attend do their best to cheer the children with games, candy and toys.

AWS sponsors a **counseling program** for everyone, but it is especially geared to freshmen. It can help you learn how to study and how to decide which major is best for you. AWS also sponsors biannual **employment conferences**. These are attended by representatives of all the major companies with offices in the area. Talks are given on appropriate dress, how to handle interviews and other topics of interest to the potential career girl. Miss Future Success is also selected.

To develop leadership qualities in women AWS holds an annual **workshop** to which an outstanding personality is invited to speak. Afterwards, campus problems of all kinds are discussed, many from new and exciting angles.

For the first time last year AWS, in conjunction with Diadem, sponsored a **women's convocation** to which they invited Nancy Hanschman, CBS Correspondent. The purpose was to honor women students on campus, the honoraries, outstanding members of each sorority and dormitory, and women's clubs. It was a big success, and we hope it will be continued as an AWS tradition.

All of these programs are planned and executed by committees selected by the AWS Executive Council. Also, AWS has many **standing committees** that need able and eager volunteers. These include the Cultural Committee, the Social Committee, the Elections Committee, the Constitution Committee, the Secretarial Committee, the Publicity Committee, and the Information Please Committee.

OFFICIAL AWS RULES

At first you are going to think AWS has a rule for every minute of the day, from the time you get up to the time you go to bed. However, Maryland rules for women are liberal in comparison with others across the country, and as you become acquainted with them you will realize the reasoning behind each one. Also, now that you are enrolled at Maryland, you will have a voice in future modifications and changes of these regulations.

SIGN OUT: You must sign out at the reception desk whenever you expect to be out of your residence after 8:00 p.m. You must include your time of departure, expected return, destination, with whom you are leaving and the mode of transportation.

OVERNIGHT SIGN OUT: Sign out on your **CARD** at the main reception desk. **INDICATE THE DATE** and use consecutive lines on the card until it is full; then ask the Head Resident or graduate student for a new card.

OFF-CAMPUS SIGN OUT: (To return **before** the residence closes the same day) Sign out in the loose-leaf **BOOK** at the desk.

SIGN IN: Record your exact time of return including late minutes—if any. **SIGN YOURSELF OUT AND IN!** No one may do this for you except your Head Resident or the desk receptionist on duty.

EXPECTED RETURN: Please indicate in this space the time you estimate you will be back in the residence hall. Having this information could be important in the event of an emergency. Also, it is helpful, should someone wish to reach you for any reason, to be able to indicate when you might return. There will be no penalty for returning later than the time you indicate as your expected return unless you return after your closing hour. It is understood, of course, that you may not sign out for a time later than the closing hour for your class without special permission from your Head Resident or the Dean of Women's Office.

WOMEN'S CLOSING HOURS

Class	Sunday	Monday	Tuesday	Wed.	Thursday	Friday	Saturday
Freshman	10:30	10:00	10:30	10:30	10:30	1:00 a.m.	1:00 a.m.
Sophomore	11:00	10:00	11:00	11:00	11:00	1:00 a.m.	1:00 a.m.
Junior	11:30	10:00	11:30	11:30	11:30	1:00 a.m.	1:00 a.m.
Senior	11:30	10:00	11:30	11:30	11:30	1:00 a.m.	1:00 a.m.

SPECIAL LATE LEAVES: Special permission to return to the residence hall after your regular closing hours may be granted by your Head Resident for purposes of attending cultural events, such as those held at Constitution Hall, National Theater, and Arena Stage. Arrangements for such special late leaves must be made 48 hours in advance except in cases of **real emergency**.

Automatic extension of closing hours will be granted for those attending special campus events. The following are included:

- 1) Aqualiners Water Show
- 2) Band and University Orchestra Concerts
- 3) Gymkana Show
- 4) Harmony Hall
- 5) Interfraternity Sing
- 6) Modern Dance Concert
- 7) University Theater Plays
- 8) Suburban Symphony Concerts
- 9) AWS Christmas Pageant
- 10) SGA Cultural Events
- 11) Basketball Games

You are expected to return to your residence hall 20 minutes after the function is over. When signing out to attend one of the above, you should not estimate the time you expect to return as later than the time you are due in the residence hall, but you should sign out indicating your closing hour as the time of expected return, write "Special Leave", and an automatic extension will be granted if necessary.

Everyone will be granted 2:00 a.m. permissions the Saturday night of Homecoming, the night of the Junior Prom, and the night of the Senior Ball.

Requests for special late leaves for campus events not listed should be taken to the AWS Dormitory Council two weeks in advance.

OVERNIGHT AND WEEK END LEAVES: Overnight leaves are granted only when the "Parents' Authorization Form" has been signed by the student's parents and returned to the Dean of Women's Office.

Weekday Overnights: Overnight leaves may not be taken Monday through Thursday except for emergencies and by special permission of the Head Resident.

Exception: **Seniors** may take weekday overnights Tuesday through Thursday within the provisions of the parents' authorization form.

EARLY MORNING LEAVES: To leave the residence before 6:00 a.m., a student must secure permission of the Head Resident the day before. She signs out the previous night before the residence closing hour. The earliest time one can enter a residence is 7:30 a.m.

ORGANIZATION SPECIAL LEAVES: Special late leaves for organizations such as University Theater and *Diamondback* must be cleared through Miss Billings' office. (The required 2.0 average is checked.) Requests should be presented typed **at least one week in advance**. Individual arrangements will be made by the Head Resident when she receives the official list.

Overnight leaves such as choir trips are cleared through Miss McCormick's office. Lists should be given to her at least one week in advance.

LATENESS: Upon the accumulation of 10 late minutes in any one semester, whether accumulated on several occasions or on one, you will be penalized by your residence judicial board. The penalty will usually be a campus, its severity depending upon a consideration of the circumstances surrounding the individual case. The following are definitions of the three types of campuses which may be imposed for late minutes:

- 1) Residence Campus: Confinement to residence after 7:00 p.m. with no callers or phone calls.
- 2) Room Campus: Confinement to residence room after 7:00 p.m. with no callers or phone calls.
- 3) Sign-in Campus: Student signs in hourly all day when not in class and is confined to room after 7:00 p.m. with no callers or phone calls.

MEN'S CALLING HOURS: Memorize these hours. They are the times men can visit you in your residence.

Monday: 12 noon - 9:45 p.m.

Tuesday through Thursday: 12 noon - 10:00 p.m.

Friday and Saturday: 12 noon to 12:45 a.m.

Sunday: 9:00 a.m. - 10:00 p.m.

He can call for you at other times but must wait in the lobby until you are ready. Calling hours at the sorority houses are decided within University limits by the housemother.

Recreation room calling hours in the residences vary according to the facilities in your dorm. These may begin no earlier than 1:00 p.m. and end no later than 9:30 p.m. Consult your Bulletin Board.

MEN'S RESIDENCES: Co-ed undergraduates are not allowed to visit the off-campus rooms or apartments of any male students nor are they to visit any men's campus residences except when attending registered social events.

VISITING A FRATERNITY: Women students may attend only those functions registered on the University Social Calendar which is sent to all residences by Friday of each week. Desserts on week nights may last until 8:00 p.m., and women students may not go to fraternity houses during intermissions when attending campus dances.

The housemother or an approved chaperone must be present at all times that co-eds are in the house. Before a member may bring a co-ed into the house, he must obtain permission from the housemother. These rules are for your protection and good reputation. Please obey them fully. The risk of impulsive, unwise action is obvious.

Calling hours: Weekdays—NONE

Friday—4:30 p.m. - 7:00 p.m.*

Saturday—1:00 p.m. - 7:00 p.m.*

Sunday—2:30 p.m. - 7:00 p.m.*

* If Housemother is present and has given permission.

OVERNIGHT GUESTS: A friend who is not attending the University may spend the night in your dormitory on Friday and Saturday provided your Head Resident agrees and there is room for her. Also with the consent of the Head Resident a Daydodger may spend the night following a University function if she is unable to get home.

To make the proper arrangements for your guest, you must give your Head Resident a completed guest card 24 hours in advance. When your guest arrives, introduce her to the Head Resident, show her how to sign in and out and acquaint her with the residence customs. You are responsible for her and her infractions.

QUIET HOURS: Quiet hours are based on courtesy, and it is up to you to see that they work. Do not type after 12 midnight or before 8:00 a.m. Keep your door closed if you are being sociable. Quiet hours will be enforced by your judicial board, and excesses will bring a withdrawal of privileges.

Quiet hours are in effect **ALL THE TIME** Monday through Friday except for the lunch hour, 11:30 a.m.—1:30 p.m.; the dinner hour, 4:30 p.m.—7:00 p.m.; and a half hour at night 10:00—10:30 p.m. or 10:30—11:00 p.m., if the residence Executive Council approves.

Saturday and Sunday quiet hours are somewhat relaxed after noon; Sunday evening quiet hours begin at 7:30 p.m. with a half hour break between 10:00 and 11:00.

SPORTSWEAR: Women students may wear Bermuda shorts or slacks which are in good taste on the campus except for the following locations: Classroom Buildings, upper levels of the Student Union, Dining Halls, Library, Chapel, Administration Buildings, Residence lobbies and living rooms (except upon leaving and entering).

This is a new ruling and will remain in effect only as long as it is not abused.

SUN BATHING: Sun bathing is allowed only in those areas so specified by the Dean of Women's office. You will all be notified in the spring as to specific locations.

FIRE DRILLS: Each residence is required to hold one fire drill each month. When you hear the alarm, leave your light on and your door open, put on a long coat and outdoor shoes; then walk quietly to your assigned exit.

ALCOHOLIC BEVERAGES: Possession or use of alcoholic beverages, including light wines and beer, is prohibited on the campus or in any residence, fraternity or sorority house or at any activity recognized by the University as a student organization function.

According to Maryland state law it is unlawful to sell or furnish any alcoholic beverages at any time to a minor (under 21 years of age) either for his own use or for the use of any other person. In Prince George's County it is unlawful for any person under the age of 21:

- 1) to enter the premises of a holder of a class B Beer, Wine and Liquor license between the hours of 10:00 p.m. and 6:00 a.m. unless in the immediate company of one of his parents or legal guardians;
- 2) to enter the premises of the holder of a Class B or Class D Beer or Beer and Light Wine license, except for the purpose of obtaining or consuming food, unless accompanied by a parent or guardian;
- 3) to purchase alcoholic beverages or misrepresent his age to obtain alcoholic beverages or to have them on or about his person.

GENERAL REGULATIONS

The University is a big place and even your residence halls usually have more than 100 inhabitants. Most of these general regulations are matters of common courtesy, but they are often forgotten in the hustle and bustle of college life. It will take a little extra effort on your part, but the rewards make the effort very worthwhile.

More than anything else, the University wants you to be safe and happy in an atmosphere conducive to study and friendship. The rules will take you only part of the way; your own honor and integrity, kindness and consideration must bridge the gap between a college life which is just ordinary and one which is a really great experience.

Residence doors—Because so many of the residences are close to the street or to fields and woods, all doors except the front door must be kept locked after dark. They will remain closed until 7:30 a.m., but you may leave the dorm at 6:00 a.m. if you so desire.

Reception lobbies may be used for study after closing hours with the Head Resident's consent. Smoking, however, is not allowed, and please pull down the shades! You may smoke anywhere else in your residence.

Pets are not allowed. Please don't encourage those strays—you just make it harder for them and everyone concerned.

Telephones are busy so limit your call to 3 minutes. You may make and receive calls from 8:00 a.m. to 10:00 p.m. on Monday, 8:00 a.m. to 10:30 p.m. Tuesday through Thursday and 8:00 a.m. to 11:00 p.m. on weekends.

Room inspections will be made several times a week by your Head Resident. For safety and health reasons these rules must be enforced:

- 1) Food and dishes may not be taken from the Dining Hall.
- 2) Coke bottles must be returned to the cases provided for this purpose.
- 3) The only electrical appliances allowed in rooms are table 12-inch fans, hairdryers, electric clocks, radios and phonographs.
- 4) After dark when lights are on, shades must be drawn.
- 5) Calling or talking from windows is prohibited.
- 6) Food may not be kept on window sills.
- 7) Food kept in rooms must be placed in metal containers with tight covers.

Please keep your dormitory room locked when you are not there. You may know that everyone on your floor is honest, but strangers can wander in.

Never walk alone on campus after dark—it is not safe.

A FEW WORDS TO THE WISE

Set up a study schedule; it will prove invaluable if you stick to it.

Go easy in getting into activities. Maryland is such a big place you can get lost overnight and miss the point of your college career—namely education.

Problems, big and little, may come thick and fast your first few weeks. Take advantage of the help your big sister, your Head Resident, graduate assistant or the Counseling Center can give you.

You may have problems, too, with your roommate. Chances are she is someone you have never met, and two diametrically opposed personalities may have to learn to live together. Talk out your problems and you can solve most of them.

College rooms will respond to a little imagination—bright drapes, spreads and pillows. You will want to bring blankets, linens, lamps, personal knick-knacks, etc. An early project with your roommate could be planning the decor of your room.

Common courtesy is a must. It is always nice to rise when an older person comes into a room—particularly your Head Resident, a dean or a professor.

Most of you probably want to know what to wear. At Maryland everyone is casual. For classes most girls prefer all-year-round-cottons when it's warm and skirts and sweaters in the fall and winter. Wool dresses for dates downtown and one or two cocktail dresses for really BIG events will stand you in good stead. That tailored wool will also be just right for attending services in the Chapel or other area churches on Sunday. Regardless of your faith there is a chaplain and a youth group to serve you.

Welcome to Maryland and Good Luck!

W R A

*"We can't all be captains, some have to be crew;
There's something for all of us here;
There's big work to do; there's lesser to do;
And the task we must do is near.*

*"If you can't be a highway, then just be a trail,
If you can't be a sun, be a star.
It isn't by size that you win or you fail—
Be the Best of whatever You Are."*

WRA AND YOU

The **WRA Council** is made up of the officers you elect, committee chairmen, interest group and club leaders, intramural managers, and representatives from each dorm, sorority and the Daydodgers.

Your WRA Representative is the main link between you and the Council. She keeps you informed on events and brings your ideas to Council meetings.

Applications for leadership roles may be obtained from your WRA representative or from the WRA office in Preinkert Field House. You may become more active by attending Council meetings and offering your help.

You are always welcome at the Council meetings whether you have a specific job or not. WRA is your organization!

ARFCW, the Athletic and Recreation Federation of College Women, is the national organization of which WRA is a member. Some students have started saving for its 1963 convention at the Woman's College of the University of North Carolina in Greensboro. Maybe you would like to go!

SIGMA TAU EPSILON

Sigma Tau Epsilon honors those women who have contributed outstanding leadership and service in the WRA program and its affiliated clubs, Aqualiners and Modern Dance. To be eligible for tapping a girl must have completed her freshman year and have maintained an overall average of at least 2.5.

Tapping ceremonies are held twice each year, at the second WRA meeting of the Spring semester and at the annual WRA Banquet each May. The members of Sigma Tau Epsilon have an annual dinner each spring, which is held in a member's home. Sigma Tau Epsilon helps with many WRA projects and ushers at various University functions. This year Sigma Tau Epsilon conducted a campus-wide survey to determine WRA participation and to evaluate the WRA program. A total of 2600 questionnaires were returned and tabulated.

The 1962-63 officers of Sigma Tau Epsilon are: President, Robyn Rudolph; Vice-President, Dale Devey; Secretary, Teddie Lou Kelly; and Treasurer, Gloria Silverstein. The members include: Amy Sakers, Cecille Pelovitz, Diane Baxter, and Virginia Crocker. Those tapped at the 1962 Spring Banquet were Joan Wilkinson and Marie Powell.

Jean Weaver of the Modern Dance Club beams as she is tapped into Sigma Tau Epsilon by Judi Wright at the 1960 Spring Banquet.

WRA INTRAMURALS

A summer of fun and relaxation . . . but now it is time to concentrate on those books! However, WRA offers a wonderful program of intramural sports for recreation between study hours!

Each season brings forth some popular activities. In the fall tennis singles, badminton doubles, archery, bowling and ping pong offer a challenge. The winter season brings basketball, volleyball and badminton singles, while springtime produces the swimming meet, softball and tennis doubles. CO-ED volleyball and bowling tournaments will be planned in cooperation with the Men's Intramural Department.

Intramural tournaments are arranged on an organizational level; you play for your dormitory, sorority or the Daydodgers. Your WRA representative, in dorm or sorority meetings, will keep you informed of the team and individual sport schedules.

Since the Daydodgers have a more difficult time seeing each other, their representative will call a meeting before each team sport tournament to get organized. Individual sports enthusiasts may obtain entry blanks either from their WRA representative or the WRA office in Preinkert Field House. That is all, and you will be notified when to play.

Several of the dorms and sororities assist with the intramural program by donating the trophies which are awarded to the tournament winners at the annual Spring Banquet. The tournament managers are usually members of these "sponsoring" groups. A trophy must be won three consecutive years to become a permanent possession.

Dress for intramurals is CASUAL. However, tennis shoes in the gym and bowling shoes at the alleys are always worn. Equipment for practice or individual activity may be checked out from Preinkert Field House Monday through Friday from 4:00 to 5:15 p.m.

The swimming pool in Preinkert is open from 4:00 to 5:15 on Monday, Wednesday, Thursday and Friday afternoons and on Wednesday nights from 6:30 to 8:00. Bring self and cap. Suits and towels will be supplied.

CO-RECREATIONAL swimming is held at Cole Activities Building on Friday nights from 7:30 to 9:30 and on Sundays from 1:00 to 5:30 and 7:30 to 9:30 p.m. Bring self, cap and bathing suit of course!

Perhaps most important in WRA is the fact that you do *not* have to be an expert to take part. The emphasis of the intramural program is on FUN and the participation of everyone—not on winning and the participation of only the more highly skilled. You are encouraged to try your hand at any activity. Be seeing you!

1961-62 INTRAMURAL WINNERS

TOURNAMENT	WINNER	SPONSOR
Archery	Queen Anne's Hall (Pam Prince)	Sigma Delta Tau
Badminton Doubles	Carroll Hall (Faith Ferris and Sue Baust)	Delta Delta Delta
Badminton Singles	Carroll Hall (Faith Ferris)	Alpha Omicron Pi
Basketball	Alpha Omicron Pi	Sigma Kappa
Bowling	Kappa Kappa Gamma	Alpha Epsilon Phi
Ping Pong	Carroll Hall (Florence Bernstein)	Caroline Hall
Softball	Alpha Chi Omega	Somerset Hall
Swimming	Delta Gamma	Kappa Delta
Tennis Doubles	Carroll Hall (Faith Ferris and Sue Baust)	Alpha Delta Pi
Tennis Singles	Sigma Kappa (Audrey Maier)	Phi Sigma Sigma
Volleyball	Alpha Chi Omega	WRA

WRA INTEREST GROUPS

Participate in WRA's "club-type" program! You may also obtain points for your organization by being active in the interest groups. Choose from any of the eleven seasonal groups. Appropriate dress is the only requisite. Membership is open to all beginners as well as experienced persons. All equipment (except for ice skating) will be provided.

During its regular season, each interest group meets once or twice a week for practice periods. Sometimes they play other area colleges. The teams which engage in these competitive matches are not varsity teams, but are made up of all members who wish to participate. Refreshments served after a game afford both schools an opportunity to socialize!

Continue the activities you have always enjoyed . . . or cultivate a new interest. At least one of these groups will hold some exciting moments for you. Announcements of meetings are found in the *Diamondback*. Watch for them!

TENNIS

No worry about finding a court during tennis fever season . . .

Time: Fall and Spring

Place: Preinkert tennis courts

Opportunities: Learn . . . or improve game. Matches with other schools . . . Sports Day!

HORSEBACK RIDING

Are you an equestrian? If not, here's your chance to become one!

Time: Fall and Spring

Place: Aitcheson Stables

Opportunities: Free instruction . . . trail riding . . . fun

Cost: \$2.00 an hour for horses

GOLF

A golf ball traveling along the putting green into the hole . . . It could be your ball!

Time: Fall . . . weekly sessions

Place: University of Maryland driving range

Opportunities: Student instruction . . . Sports Day

BASKETBALL

Practice those jumps, pivots and leaps . . . a popular sport in any season!

Time: Winter . . . two practices a week

Place: Preinkert Gym

Opportunities: Play for your organization . . . compete with other area schools . . . a good record last season!

COMPETITIVE SWIMMING

Swimmers ready . . . take your marks . . . BANG!

Time: Winter and Spring . . . Thursday nights

Place: Preinkert Pool

Opportunities: Earn WRA points . . . enjoy competing

FENCING

Fancy footwork, a parry, and a thrust . . . touche!

Time: All year . . . Thursday afternoons, 4:00-5:00

Place: Preinkert Gym

Opportunities: Learn poise and grace . . . a different sport . . . CO-ED

FIELD HOCKEY

Crisp fall air . . . rugged action . . . Field Hockey!

Time: Fall . . . Tuesday and Thursday, 4:00-5:00 p.m.

Place: Preinkert Field

Opportunities: Sports Day . . . games with other schools

LACROSSE

Join Lacrosse . . . a fast growing sport!

Time: Spring . . . Tuesday and Thursday, 4:00-5:00

Place: Preinkert Field

Opportunities: Possible games this season

BOWLING

Duck or ten pin . . . STRIKE!

Time: Winter and Spring . . .
Wednesday afternoons, 4:00-6:00

Place: Fairlane Alleys

Opportunities: Improve . . . tele-
graphic tournaments

ICE SKATING

A figure 8 . . . fun to learn! It's
CO-ED too!

Time: Winter . . . Wednesday
afternoons, 4:00-6:00

Place: Silver Spring Studio

Cost: \$6.00 per four-week in-
struction session

JUDO

Started this past year by popu-
lar demand . . . Men, beware!

Time: All year long . . . one day
a week

Place: Preinkert Gym

Opportunities: Learn the art of
self defense . . . who knows?

AFFILIATED CLUBS

Two performing groups are affiliated with WRA—Modern Dance and Aqualiners. These clubs, **OPEN TO BOTH MEN AND WOMEN**, add to the variety of the WRA program and to your enjoyment either as a participant or as a receptive viewer.

AQUALINERS

If you are a fairly strong swimmer with good form and can learn new skills quickly, Aqualiners, Maryland's synchronized swimming club, has a place for you. Tryouts are held in the early fall; the dates will be announced soon after school starts.

The club practices every Tuesday night in the Preinkert Pool polishing strokes, learning new stunts and putting together the big water pageant presented in the spring under the magic spell of lights and music. The numbers are choreographed and the scenery and costumes are designed and made by the club members. Last year's show, "Once Upon a Year", based on the 12 months and special holidays, was a real success.

Aqualiners is the only synchronized swimming group in the Washington area—a real distinction to be a member!

MODERN DANCE

"Interest is the first qualification" for Modern Dance Club membership, which gives you an opportunity for creative expression as well as recreation and enjoyment.

Those with little or no experience are welcome to join the Beginning Group at 6:00 p.m. every Tuesday to learn basic techniques and the construction of a dance. Participation in group dances and helping with publicity, costumes and back stage work for the various performances are the main activities of the group. The Advanced Group meets on Tuesday evenings at 7:00 and selects its members from those with previous experience.

The Modern Dance Club members are constantly rehearsing for their many programs and demonstrations. Last year they performed at neighboring high schools and colleges and climaxed their activities with the Annual Concert on campus. Some of the Advanced Group also performed in the University Theater musical, and others helped to bring a doctoral dissertation to completion by an excellent performance in New York City.

Think you might be interested in joining such an illustrious group? You are always welcome!

MARYLAND BLAZERS

For the past four years co-eds have been wearing sharp University of Maryland blazers. WRA started this tradition with the aid of the Robert Rollins Blazer Company. These well made jackets have an emblem embroidered on the pocket with either sorority letters or class year, an inside pocket, choice of piping and an extra plain pocket for later use.

The Rollins Blazer, popular on college campuses throughout the country, are personally tailored and especially designed for every well-dressed co-ed. Fittings are made twice a year—fall and spring—allowing you to take full advantage of blazer weather. They are available in five colors—red, white, camel, navy blue and oxford grey—with prices ranging from \$22.95 to \$29.95.

When you wear your stylish Maryland University blazer, just see how people will look twice, admire it and ask you where you got it. This apparel is a *must* for every girl!

ANNUAL SPRING BANQUET

Every spring WRA climaxes its year's activities with the traditional banquet. At this time the newly elected WRA officers are installed, Sigma Tau Epsilon taps its new members, and the tournament trophies are awarded. The culmination of these activities is the eagerly awaited presentation of the WRA Participation Cup. Besides being an event for these purposes, the banquet also presents an opportunity for much enjoyment and hilarity as the humorous events of the past year are reviewed and laughed about.

Under the chairmanship of Gloria Silverstein the May, 1962, Banquet was held in the Rotary Room of the University Dining Hall. Dr. Arthur Steinhaus, Professor of Physiology and Dean of George Williams College in Chicago, highlighted the evening with his address entitled "What I Have Learned from Animals." Dr. Steinhaus has served as chief of the division of physical education and health activities in the U. S. Office of Education and has been president of the American Academy of Physical Education. A listing of his other positions and honors would cover pages. It was indeed an honor for WRA to have such an outstanding guest speak to the group.

In his talk Dr. Steinhaus cleverly and humorously compared the results of experiments with animals to human reactions and responses. He spoke on the problem of people not attaining the full capacity of their strength and suggested that "The reason we do not have enough strength is that we inhibit it. We plant inhibitions in our lives." He then commended recreation by pointing out that any activity in which one may lose himself and direct his full attention is an excellent therapeutic method for alleviating inhibitions. Dr. Steinhaus' speech convinced the audience once again that WRA is certainly worthwhile!

Everyone who has participated in WRA is welcome at the banquet. We'll be expecting you this spring!

Dr. Arthur Steinhaus, Professor of Physiology and Dean of George Williams College, holds up his "brainless" pigeon in a demonstration as he speaks at the May, 1962, Banquet.

WINNER 1961-62 CARROLL HALL

WRA PARTICIPATION CUP

The presentation of the WRA Participation Cup at the annual Spring Banquet is the climax of the year's activities. To win this cup, an organization must have been active in most of the events sponsored by WRA throughout the year. Participation points are awarded to each dormitory, sorority, and the Daydodgers for taking part in intramurals, interest groups and affiliated clubs. Points are also given for placing in the tournaments, but it is not necessary to be the champion in order to win the cup.

Carroll Hall pulled quite an upset this spring when it overcame the earlier lead of the Daydodgers, three-time winner of the cup, by an impressive score of 393. Close behind the Daydodgers' 345 points came Alpha Chi Omega with 319. Wicomico Hall was fourth and Kappa Alpha Theta was fifth. Credit should also be given to the other 28 participating dorms and sororities that joined in all the fun.

This year, again, the field is wide open. Carroll Hall wishes each organization the best of luck for 1962-63 but warns one and all that it has hopes of repeating its accomplishment of winning the Participation Cup.

WRA PARTICIPATION POINT SYSTEM

Listed below is the method by which the dormitories, sororities and the Daydodgers earn points toward the WRA Participation Cup. Points are awarded whether a team or individual wins or loses; only when forfeits occur are points subtracted.

TEAM SPORT TOURNAMENTS

Participation—30 points (1 or 2 teams)

1st place in tournament—30 points

2nd place in tournament—25 points

3rd place in tournament—20 points

4th place in tournament—15 points

INDIVIDUAL TOURNAMENTS

Participation—3 points for each participant or pair. (Limit of 15 points per organization.)

1st place in tournament—5 points

2nd place in tournament—4 points

3rd place in tournament—3 points

4th place in tournament—2 points

TEAM SPORT FORFEITS

With one team in the tournament:

One forfeit—minus 15 points

Two forfeits—minus 30 points and out of the tournament

With two teams in the tournament:

One team, 1 forfeit—minus 7 points

Each team, 1 forfeit—minus 15 points

Same team, 2 forfeits—minus 15 points and that team out of the tournament

Each team, 2 forfeits—minus 30 points and both teams out of the tournament

INDIVIDUAL SPORT FORFEITS

Participant or participants lose the 3 points earned by playing and are dropped out of the tournament.

SWIMMING INTRAMURALS

Participation—5 points for each participant.
(Limit of 30 points per organization.)

1st place in meet—30 points

2nd place in meet—25 points

3rd place in meet—20 points

4th place in meet—15 points

INTEREST GROUPS

Participation—5 points for each participant who attends at least half of the meetings and activities.
(Limit of 30 points per organization.)

If the group meets both semesters, points are figured separately for each semester.

AFFILIATED CLUBS

Participation—5 points for each participant who attends at least half of the meetings and activities.
(Limit of 30 points per organization.)

SPECIAL EVENTS
